

The following rules and code are applicable to any Archer, Officer, Provincial Association or other Person (hereafter referred to as Archers and Officials) participating or performing any function for or at activities of the South African National Indoor and Field Archery Association (SANIFAA) whether such activity or conduct takes place on or off the shooting range. These rules apply to participation at all events; be they International, National, Provincial, Club or Promotional events; as well as administrative and organisational functions.

1. Archers and Officials must at all times abide by the SANIFAA Constitution and all other conditions, rules and regulations, bye-laws and or contracts with the SANIFAA.
2. Archers and Officers must not indulge in any conduct which could be detrimental to the Sport, the Association, Province or Country.
3. Archers and Officers must not engage in public acts of misconduct, or unruly behaviour, whilst representing the Country, the Association, or their Province.
4. Archers and Officers must wear the correct and approved clothing as prescribed by the Association or Team Manager; at functions, ceremonies or other events stipulated from time to time.
5. Archers and Officials must not react in an obvious provocative or disapproving manner (other than reasonable questioning), towards Administrative Officers, Judges, Target and Range Officers.
6. Archers and Officials must not verbally or physically assault (or attempt to do so) a Spectator, another Archer, Judge or Official.
7. Any Archer or Official, who by way of their actions or statements brings the sport of archery into disrepute, shall be guilty of misconduct.

Committees to hear items of irregularity and misconduct will be appointed by the Council of SANIFAA when required. The Disciplinary Committee has the authority to apply any sanction it considers suitable, but limits of 'minimum sanction as stipulated by the Council' will apply. The offender may Appeal to the Council if additional information becomes available which has bearing and may have changed the outcome.
